

# WEDDING STYLING LOOKBOOK

5 Timeless Design Ideas to Inspire Your Day

# WELCOME

Planning your wedding should feel joyful, not overwhelming. With so many ideas out there, it's easy to feel lost in trends. That's why I've created this short lookbook - 5 timeless design ideas that always feel elegant, personal, and unforgettable.

Let this be your starting point for inspiration, and imagine how we can make these ideas uniquely yours.

# ROMANTIC CEREMONY BACKDROPS

Frame your vows with a statement piece. Whether it's a classic arch, a moongate, or cascading florals on a pergola, these designs create unforgettable ceremony moments and photographs.

Tip: Repurpose your ceremony arch later as a reception backdrop or photo spot.

# ELEGANT TABLESCAPES WITH TEXTURE

Layered textures like chiffon runners, silk drapes, glassware, and charger plates transform a simple table into something truly special. Add candlelight, and you've created instant atmosphere.

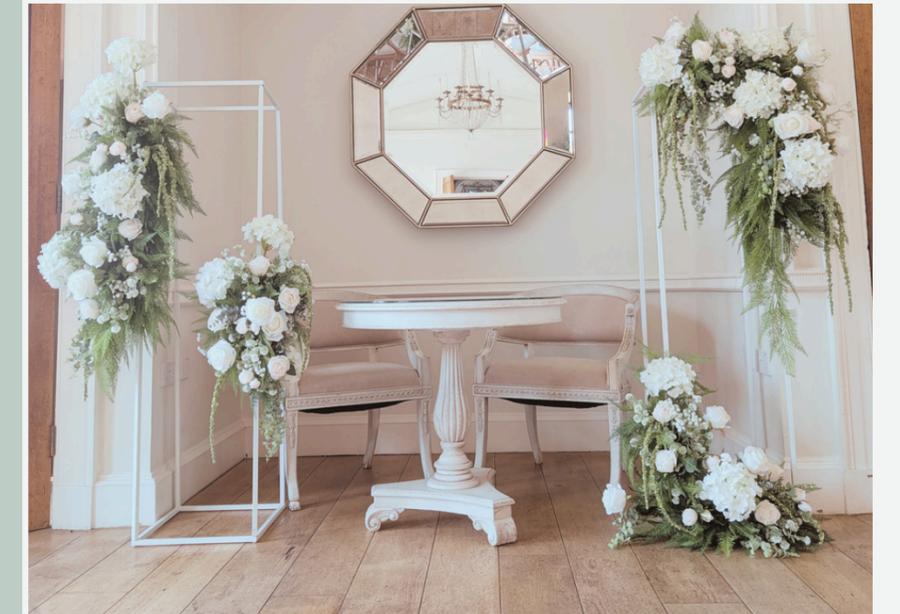

Tip: Stick to 2-3 key textures and repeat them across your tables for cohesion.

# STATEMENT FLORALS

Every timeless wedding has a wow factor. From ceiling halos to floral windowsills or cascading staircases, these features elevate your venue and create lasting memories.

Tip: Choose one or two statement moments for impact, rather than many competing features.

# PERSONAL TOUCHES

Small details make a big difference. Florals on signage, personalised table names, or thoughtful place settings show your guests they've been truly considered.

Tip: Cohesion matters = match stationery artwork to your flowers for a seamless story.

# GUEST EXPERIENCE STYLING

Your guests will spend time beyond the tables. Styling areas like the bar, lounge, or guestbook corner adds depth and ensures every space feels beautiful and welcoming.

Tip: Repurpose small floral arrangements or candles to keep costs down while maximising impact.

Your wedding deserves to feel timeless, elegant, and uniquely you. These 5 ideas are just the beginning - imagine what we could create together, tailored to your story and style.

Loved these ideas? Let's design something beautiful together.
